Editorial profile

Pharmaceutical & Cosmetic Review

has been an industry mouthpiece for the past 44 years. It is the official journal of five industry associations – The Aerosol Manufacturers' Association (AMA); The Society of Cosmetic Chemists (Coschem); The Cosmetic, Toiletry & Fragrance Association (CTFA); The Health Products Association (HPA); and the National Association of Pharmaceutical Manufacturers (NAPM).

The magazine is the only one of its kind in the country which targets decision makers in the manufacturing processes of pharmaceuticals, cosmetics, toiletries, health and house-hold products, and related industries. It offers incisive and authoritative reports on all aspects of the process, from raw material sourcing, to manufacturing and packing, right down to distribution and marketing. It informs readers about the introduction of new ingredients, equipment, products and packaging, and provides commentary on local and international trends and issues.
